DONJOY

MOTION IS MEDICINE⁺

3-POINT OFF-LOADING

We mechanically shift the weight away from the damaged part of the knee to help address four common relief Points for those suffering from OA*

DONJOY

OA REACTION

- Patented Silicone Web Technology for shock absorption and anterior knee pain relief
- Low-profile Design offers up to 8-12° offloading
- Hexagon design offers perfect offloading with a nonslip cup effect

EARLY

DONJOY

OA GO

- Unique 3 Point leverage brace uses a patented BOA® dials fitting system for perfect fit
- Anatomically contoured condyle pads (10mm and 13mm)
- Breathable, stretchable and made of antibacterial fabrics

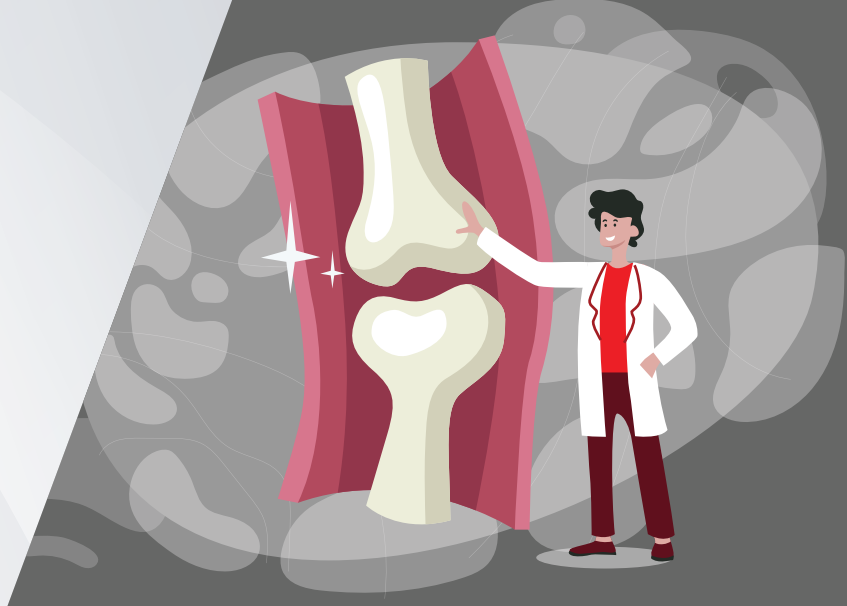

MILD

REDUCE PAIN

PROPER ALIGNMENT

MAINTAIN STRENGTH

DECREASE INSTABILITY

DONJOY

ROAM OA

- Unloader knee brace
- Ideal for conservative care or in preparation for surgery
- Designed for users looking to increase activity and enjoy their lifestyle

MODERATE

DONJOY

OA ADJUSTER 3

- The 4-Points-of-Leverage System® and adjuster technology® provides clinically proven stability and offloading
- Light Weight & Tough Nano MAG® Technology on the offloading side provides with the extreme strength

SEVERE

AIRCAST®

AIRSELECT ELITE

- Stable fracture of foot & ankle
- Severe ankle sprain
- Post-operative immobilization

Very light weight and patented SoftStrike technology absorbs and dissipates shock

AIRCAST®

AIR-STIRRUP® ANKLE BRACE

- Ankle distortion grade I, II & III
- Post-operative application
- Chronic ankle instability

Duplex™ aircell system for support and graduated compression during ambulation

AIRCAST®

AIRSELECT (SHORT)

- Metatarsal fracture
- Stress and stable fracture of foot
- Bunionectomy & hallux valgus

Very light weight and patented SoftStrike technology absorbs and dissipates shock

AIRCAST®

AIRLIFT® PTTD BRACE

- Posterior tibial tendon dysfunction (PTTD)
- Adult acquired flatfoot (AAF)

Versatile Stirrup design and the Integrated Inflation System help lift the foot arch for a natural position

AIRCAST®

A60® ANKLE SUPPORT

- Chronic instability
- Prophylaxis

Sleek, anatomic design for a comfortable bulk-free fit. A 60° stabiliser guards against rollover and helps prevent sprains

AIRCAST®

AIRHEEL™

- Plantar fasciitis
- Calcaneal pain
- Achilles tendonitis

Applies pulsating compression with every step using the interconnected air-cells to help reduce swelling and enhances circulation

AIRCAST®

AIRSPORT - PRO

- Stage I to II sprains & Acute sprains
- Prevention of recurrence or during sporting activities
- The only splint that adapts to all 3 therapeutic phases

IMMOBILISATION | STABILISATION | MOBILISATION

Interchangeable Rigid or Thermoformable flexible uprights

The BOA® system allows uniform tightening

The removable figure-8 strap provides additional stability

DONJOY

XACT ROM

- Post ACL, PCL, LCL, and MCL surgeries
- Patella realignment and meniscal or articular repairs

Lightweight, easy-to-use brace features with the durable X-Act ROM hinge

DONJOY

4-TITUDE

- Moderate to severe ACL and, or PCL, MCL and LCL instabilities
- For active, sedentary and adolescent patients

Low-profile, lightweight design with Patented 4-Points of Leverage system and Anti-migration Supra Condylar Pad

DONJOY

PLAYXPRT WRAP & SLEEVE

- Mild medial/lateral ligament support
- Warmer environments

Advanced high tenacity nylon / spandex material promotes a cooling effect with removable polycentric hinges

DONJOY

TRU-PULL LITE

- Lateral subluxation and maltracking
- Mild to moderate anterior knee pain

A patented technology which apply a "true" and consistent pull on the patella during flexion / extension and realigns the patella

SPINOSTRAP

- Stable spinal fractures
- Postural dysfunction from dorsal hyper-kyphosis
- Pain relief and support of spinal osteoarthritis

Exoskeletal dorsal frame, and customizable lumbar belt enable comfortable support and relief of the thoracic spine

Semi-rigid back brace's range of intuitive features, back support and kyphotic postural correction are well within reach

ULTRASLING PRO

- Ideal for post-operative immobilisation in 15° of abduction or internal rotation
- Rotator cuff repairs
- Bankart procedures
- Capsular shifts
- Glenohumeral dislocation / subluxation,

Unique design eliminates pressure on the neck, Made of soft breathable material and the contoured cushion provides the needed abduction while relieving pressure on the ulnar nerve.
