

Hot and Cold

Introduction

Chattanooga is the world's largest manufacturer of rehabilitation equipment for treating musculoskeletal, neurological and soft tissue disorders. For over six decades, Chattanooga has set a benchmark for leadership, reliability and excellence. Our products contribute to better treatment outcomes in hospitals, clinics and home settings worldwide. We lead the physiotherapy industry by example and, through continuous innovation, provide real world solutions for clinicians and their patients.

As the world's leading brand in rehabilitation, Chattanooga is sold in over 80 countries worldwide. Chattanooga is directly represented in our key markets but also has long lasting relationships with dedicated distributors in the USA, Canada, Latin America, EMEA and Asia Pacific. Our Chattanooga distributors and customers are supported for order placement, training, product delivery and after sales service by a dedicated team of highly skilled DJO employees based all over the world.

Chattanooga is a brand of DJO Global Inc. DJO Global provides solutions for musculoskeletal health, vascular health and pain management. Our products help prevent injuries or rehabilitate after surgery, injury or from degenerative disease, enabling patients to regain or maintain their natural motion.

Hot and Cold

Chattanooga is renowned for its "hot and cold products" all over the world.

Chattanooga is the proud inventor of the original Hydrocollator HotPacs and heating unit, an all natural product that was first to market more than 60 years ago and is still the first choice of physiotherapists and other medical professionals when using heat therapy.

This HotPac generates deep moist heat which delivers increased advantages over dry heat to relieve chronic arthritic pain, acute muscle strains and general musculoskeletal discomfort.

As with moist heat therapy, Chattanooga sets the standard in cold therapy with the original ColPac range, which is now sold all over the world.

Features

Hydrocollator Mobile Heating Units

These durable stainless steel water tanks house the Hydrocollator Moist Heat HotPacs. The units are thermostatically controlled to ensure the ideal therapeutic temperature for HotPacs. Hydrocollator remains the benchmark heating unit against which all other units are judged.

- Full fiberglass insulation to prevent heat loss
- Dependable, rugged stainless steel design
- Simple to fill with water. No plumbing required
- Constant temperature of HotPacs is maintained
- Mobile units are equipped with 8 cm swivel, rubber casters for friction free movement about the clinic
- One year warranty

Hydrocollator® HotPacs™

Features

The Original Hydrocollator HotPac

Hydrocollator Moist Heat HotPacs are the first choice for physiotherapists, physicians, chiropractors, athletic trainers and kinesiologists for over 60 years.

Chattanooga is the inventor of the original Hydrocollator HotPac and proud to still be producing this all natural product today. The benefits of moist heat therapy over dry heat are well established for pain relief due to arthritis, myofibrosis, back pain, muscle strains and spasms.

Hydrocollator HotPacs

- Seven HotPac sizes designed to fit every body contour
- Provides up to 30 minutes of deep, soothing, moist heat
- Tabs on most HotPacs for easy rotation in busy clinics
- Cost effective, provides hundreds of treatments from one HotPac
- All natural pack containing bentonite, a natural hydrocolloid filling, wrapped in a woven cotton blend
- One year warranty

Terry Covers

Features

All-Terry Covers

- For high-volume institutional use
- Hook and loop closures to prevent unwrapping or slipping

Foam-Filled Terry Covers

- For home or clinic use
- Polyurethane foam layer between two layers of terry
- Available with or without pockets

Features

The Original ColPac

Cold therapy, when applied directly to the affected area, is used to control pain due to inflammation, swelling, multiple sclerosis, muscle strains, sprains and spasms.

- Seven different sizes of blue vinyl ensure effective cold therapy regardless of body area or shape. Also available are four sizes of black polyurethane
- Effective relief of pain
- Filled with a non-toxic silica gel that remains pliable throughout treatment
- Delivers up to 30 minutes of soothing relief from acute pain, swelling and fever
- Latex free
- One year warranty

boo-boo pac

- Fun, bear-shaped design especially made for kids
- Ideal for pediatric applications
- Filled with non-toxic silica gel
- Delivers up to 30 minutes of soothing relief from acute pain, swelling and fever

Nylatex Wraps

- Ideal for holding ColPacs in place
- Several sizes available
- Good for hundreds of uses

FlexiPac

- Microwaveable to provide soothing heat, or after freezer storage to provide penetrating cold therapy
- Flexible gel conforms to any body contour at any temperature

Sport-Pac

- Soccer ball design is ideal for youth sport applications
- Easily transferred from the freezer to the team cooler for sideline use
- Provides 30 minutes of effective cold therapy for acute pain due to strains, sprains and bruises
